## **Trainer Profile**

I am **Ranjan** master degree in computer from Utah State University, USA. I am part of **webdesignersmalaysia** in **Malaysia**. I have total 12+ years of experience in PHP and mysql with **joomla** , drupal, wordpress and codeIgnitor. I have developed 200 dynamic website till now on php/mysql and **Joomla**. I have 8 years of experience in Online training. I already gave the training to some of the corporate company from UK, USA, Malaysia and India in PHP, mysql and **joomla**. I have worked with international clients based in USA, UK, Canada, Netherlands, Australia, Italy, Ireland, France etc. I have worked on many different projects - ranging from small software to complex web applications.

I have a training Institute in **Malaysia** with the name “**Complete Lamp Institute**” in **Malaysia**. I have already given training of 1000 Students till now, and all working in MNC and Software web Development Company.

**Our Teaching style:** I give real time training with real PROJECT IN Joomla. Basically i am developer of 12 years of experience so I will try to give my best output in Joomla training.

**How we are starting:** Because we are doing live Project training so we are taking 5 pages html and css basic website and doing custom theme developer and working on that website with all these topics .
